Dear Parent:

We are continuing to update our transportation database regarding student information. We are aware that there are some students in the district with medical conditions that are regulated. We would like to ensure that we include all the students in our database. These conditions include the following: Asthma, Bee Sting and Other Significant Allergies, Diabetes, Seizure Disorders, and any other medically significant concerns. If your child has a medical condition that we may need to be aware of in an emergency situation, we request that you complete this form and mail it to:

Jim Cherrington, Director of Transportation
